

PROJECT REPORT :

Project Title : My Ticket

Project Info : A booking management system, this is used to book tickets for movies, and events in locality.

Team Info :

NAME	ROLL NO	CONTRIBUTION
K Adarsh Phone:8309688828	41	Website layout, Designing full Homepage, Movie pages, styling the website.
Dheer Adarsh Phone:9398748005	40	Designing booking page, Collecting resources(movie images, information etc)
Siddigan Phone:6382771052	42	Designing events, layout ideas for movie page and events.

Literature Review: This is the first web development project for all the team members. None of us had participated in any of the web development projects before.

Methodology:

- > Group discussion on website layout
- >Proposing individual ideas.
- >Dividing the task among each other.
- >Proceeding with the project plan.

Result: We designed a web-site called MyTicket which is used to book movie tickets in locality.

Conclusion: Used HTML, CSS, Javascript.
